## ROCKY HOST PROGRAM

📍 Rockhampton Museum of Art | Quay Street, Rockhampton

From frontier town to bustling river port and gold rush city, Rockhampton's colonial past and fortunes are preserved in sandstone, wrought iron and topped off with a magnificent copper dome.

Like the Fitzroy River (Tunuba), these fortunes have ebbed and flowed over the years and today delivers a thriving city of heritage, history and modern life.

Culture and art ignite pride in our region and are an important element of the Rockhampton community and lifestyle.

The Rockhampton Museum of Art (RMOA) is the largest gallery in regional Queensland, hosting one of the most significant art collections in Australia.
